

# World Energy Council – Danish National Committee

2016 Energy Trilemma Index: Benchmarking the  
sustainability of national energy systems

Claus Møller – President – Danish National Committee

# Welcome

To the high-level experts from the energy sector gathered here today

## A special welcome to

The Minister

Philip Lowe - who actually today has been appointed as our new Executive Chair for the Trilemma Index –  
Congratulations!

Our guest speakers from Burmeister & Wain Scandinavian Contractor A/S, Danish Energy Association, DI Energy and Ramboll Energy

# About us

- Network of leaders and practitioners promoting an affordable, stable and environmentally sensitive energy system for the greatest benefit of all.
- UN-accredited global energy body with more than 3000 member organisations in over 90 countries.
- Members from governments, private and state corporations, academia, NGOs and energy-related stakeholders.

# Our objects

- To promote the sustainable supply and use of energy for the greatest benefit of all people, by:
- Collating data about and undertaking and promoting research into sustainable supply and use of energy.
- Publishing the useful results of such research.
- Undertaking actions like congresses, workshops and seminars to promote energy policy developments.
